Friends and Family Ski Safari 2019, Wagrain, Zauchensee and Alpendorf

Wagrain, Zauchensee and Alpendorf are in the Salzburger Sportwelt, a World Cup ski region which is constantly looking for new ways to innovate and impress; recent improvements include the G-Link gondola linking the two mountains in Wagrain and a wide variety of challenging snowparks for freeriders.

With 90% of the pistes also equipped with snow cannons, snow is guaranteed throughout the season. The high altitude majesty of Zauchensee offers some of the most breath taking views in Austria. The Alpendorf gondola takes you up to the Hirschkogel mountain. From there, you can enjoy the 120 km of skiing in the Alpendorf ski area itself or join the Flachau-Wagrain ski carousel!
